RoHS statement

IIMAK certifies that the following products supplied by IIMAK comply with the legislation by the European Union, known as RoHS (Restriction of Use of Hazardous Substances) which requires the elimination of mercury, cadmium, lead, hexavalent chromium, PBB, and PBDE flame retardants:

- GP725
- High Mark
- I28
- Flex Mark
- Flex Mark Eco
- PM308
- PM726
- PM255
- PM360
- NET Mark IQ
- NET Mark
- SP330
- NetResin IQ
- Cores
- DC400
- DC300
- DC200
- DC100
- NETColour

* discontinued

These products do not have cadmium, lead, mercury, chromium IV, PBB or PBDE listed in the raw ingredients.

The raw materials used in the manufacturing of these products are all TSCA listed. There have been no intentional additions of heavy metals or brominated flame-retardants. The finished ribbons are considered articles when sold.

Note that our compliance statement is based on a review of available MSDSs for the ingredients associated with our finished products.

Please contact Jo Van Poele, IIMAK Marketing Coordinator if you have any questions regarding this information, +32 14 574132 or email jo_van_poele@iimak.be.
