

WAX COLOURS

For Flathead Printers

Recommending a ribbon

What is the application?

What is the label stock and how wide is it?

What level of durability is required?

What thermal printer is being used?

DC100

General purpose colour wax ribbons.

DC100 coloured waxes are used to compliment and enhance velum and coated paper labels. The effect can be purely aesthetic or colours can be used to provide sorting or directional information.

Designed to print at speeds up to 200mm/s (8 IPS), DC100 offers excellent print quality for text and graphics on a wide variety of paper label stocks.

Benefits

- Quick visual recognition
- Prints on a wide range of stocks

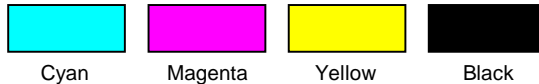

Applications

- Decorative packaging
- Shipping, warehousing and receiving
- Shelf and bin
- Retail tag and label
